Excerpt from Shakespeare's the Merchant of Venice: For Use in Public and High Schools; With Annotations

The Introduction to the play contains a note on metre, an analysis of the characters and plot, and such general information as the study of the play requires. As a matter of interest to the student an outline of the life of Shakespeare, with an account of the theatre in his time, is also included. As a result of certain interesting researches that were made a few years ago, some new light has been thrown upon the life of Shakespeare in London 3 but within the limits of the brief outline which is required in a volume such as this, the editor has not thought it advisable to go into these details.
